Make your own leaf crown

Be a forest prince
or princess!

1 Collect a
variety of
leaves with
longish stalks.

2 Remove the
stalks and using
them as a pin, join
the leaves together
one on top of
the other.

4 Keep going,
adding one leaf
at a time until
there are enough
joined together to
go around
your head.

5 Use the final
leaf stalk to
join the first
and last leaves
together.

Or if you want to make
at home, try this...

- Cut a strip of card, long enough to go around your head.
- Put double-sided tape along one side and then staple or tape the card to the right size.
- Take your crown with you on your walk, decorate it by adding leaves to the sticky tape as you go.

Wear your
leaf crown on
your walk in
the woods!
