

# Start with a Book: Read. Talk. Explore.

## DIY Science Camp: The Night Sky

### Day 1

#### Twinkle, Twinkle

Explore the shape and brightness of stars by making a constellation mobile.

##### Books to read together:

- Look Up!: Henrietta Leavitt, Pioneering Woman Astronomer
- Find the Constellations

### Day 2

#### Constellation Centerpiece

Get in a little bit of constellation knowledge while eating breakfast.

##### Books to read together:

- Zoo in the Sky
- Stars

##### Field trip:

- Visit your local planetarium, or just head outside on a clear night!

### Day 3

#### Myth Maker

Write your own modern-day myth inspired by a constellation. Then plan a nighttime read aloud under the stars!

##### Books to read together:

- How the Stars Fell into the Sky: A Navajo Legend
- Her Seven Brothers

# Start with a Book: Read. Talk. Explore.

## DIY Science Camp: The Night Sky

Day 4

### Lunar Flip Book!

Watch the Moon pass through all its phases in just a few seconds!

Books to read together:

- A Full Moon Is Rising
- Thanking the Moon
- Faces of the Moon
- The Moon Book

Day 5

### Solar System Scale Model

Visualize the BIG distances between planets with this toilet paper model.

Books to read together:

- I, Galileo
- What's Out There? A Book About Space

Day 6

### Alien Spaceship

Invite friendly aliens to visit. Add LED lights for more drama!

Books to read together:

- Mousetraumat
- The Mighty Mars Rovers

Write it!

- Fasten Your Seatbelts: Mars Travel Brochure

# Start with a Book: Read. Talk. Explore.
