

**Magic wand**

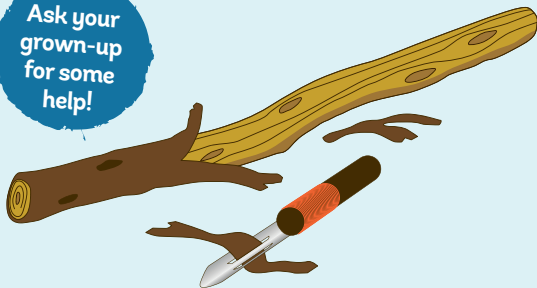

Weave a little woodland magic

You will need:

- A special or unusual stick
- A potato peeler
- Felt tip pens
- Wool, ribbon, leaves and feathers

1

Ask your grown-up for some help!

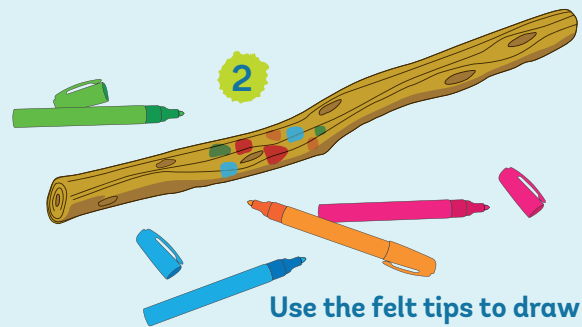

Hold your stick between your knees, making sure one end is stuck into the ground. Move the peeler down the stick and away from you, carefully scraping away the bark.

3

Decorate your wand by tying the ribbons, wool, leaves and feathers to it.

2

Use the felt tips to draw patterns and colours onto your stick.

4

It's almost ready! Make it magical by holding it in your hand, closing your eyes and chanting a spell.

**Now your wand is all set to cast a spell!**

Feel free to copy and share this for personal and educational use – and don't forget there are loads more brilliant activities to download on our website!
